Dear Ehud,

Below you'll find the promised link to the text.

http://www.washingtonpost.com/opinions/the-scariest-lesson-of-the-holocaust/2015/04/16/ffa8e23c-e468-11e4-905f-cc896d379a32_story.html

Please read it carefully and let me know about your proposal of our joint political steps. The statement about shared responsibility of Poles for holocaust is basically wrong and it hurts especially those who suffered due to supporting our Jewish brothers. As you know I am extremely concerned because of my involvement, as well as my wife's studies in enhancements of Polish – Israeli relations. That's why I would look forward to express those concerns together with you as my friend and a prominent politician in Israel

Yours

Bogdan
